The SVBS300 is a compact and versatile professional inspection system, designed for portability and ease of use. Equipped with a 5-inch HD screen, this handheld device offers a range of camera lens and probe options to cater to various inspection needs. Its robust and ergonomic pistol grip design allows for single-handed operation, with all control keys conveniently accessible.

Featuring a vibrant 5-inch IPS HD display, the SVBS300 provides instant live inspection video feedback. The device comes with a built-in 32GB memory card for seamless image capture with 1080HD resolution and video recording at 720P HD resolution. The probes are equipped with adjustable LED lights, ensuring optimal visibility in even the darkest inspection areas. Additionally, the adjustable handle adds extra comfort during operation, and it incorporates an integrated LED flashlight for added convenience in low-light conditions.

The SVBS300 is a reliable inspection tool designed to meet the demands of professionals in various fields.
