

# VI-D1 Moisture Meter

**For Moisture Testing of Concrete & Wood.**

A reliable instrument for moisture testing in materials such as concrete, timber, stone, plastic, fiber glass etc. An indispensable tool for construction industry professionals to test before continuing the construction process. The **VI-D1** is pinless and does not damage the substrate under test.

## Features :

- Digital gauge
- Pinless
- Used to indicate moisture content in concrete, fiber glass or wood down to a depth of 3 cms
- Digital display with moisture/dry comparison scale

## Applications:

- Check moisture level in concrete before painting or application of any synthetic material
- Check moisture level in wood
- Check moisture level in plastic & fiberglass

## Specifications:

Measurement Method	Capacitance, high frequency sensor field at the bottom
Size (in mm)	150 x 80 x 30
Weight (g)	187
Power Supply 9V Battery	9V Battery (prefitted)
