

# LASER DISTANCE METER DXT

Precision Distance Measurement Upto 70 Meters

## Description :

Professional compact laser distance meter for indoor construction & engineering.

## Features :

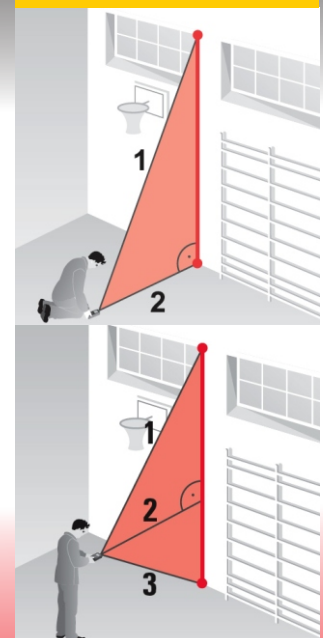

- Smallest Laser Distance Meter on the market : Thanks to its ergonomic and compact design with soft grip, the LDM D60 sits securely in your hand, is lightweight and fits into any pocket.
- LCD Illuminated Display : Easily readable, even in the dark, thanks to the illuminated display.
- Tracking & Continuous Measurement : Minimum/maximum measurements make your work easier.
- Storage : Store upto 10 readings.
- Timer : Program the instrument to measure with time delay of 5 to 60 seconds.
- Pythagoras Function : Measure indirect height & width measurements at in accessible positions.
- Flip Out End Piece : Measure from corners or edges.
- Robust : The sensitive measuring elements are protected by solid rubber parts. The Stanley Laser Distance Meter DXT is therefore particularly resistant.
- IP 65 : The housing and keypad are specially sealed against water and dust. Cleaning under running water is also no problem.
- Multifunctional end-piece : Whether measuring out of corners, slots or from edges, with this endpiece you are prepared for all measuring situations. The instrument detects the endpiece automatically, which helps you avoid expensive measuring errors.

## Specifications :

Operating Principle	Laser
Operating Range	0.05m to 70m
Accuracy	1.5mm
Automatic power off:	
Laser	After 60 seconds
Instrument	After 180 seconds
Power Supply	Type 2 x AAA Battery
Battery Life	Up to 5000 measurements
Size	123 x 55 x 28 mm
Weight	159g
Temperature range :	
Storage	-25°C to +70°C
Operation	0°C to +40°C
Environmental	IP65, Splash & dust proof
Sealed keypad	For measurements in extremely dusty environments.
	Easy to clean under running water.
Solid rubber housing	Withstands drop tests from 2 m height
Item Code	LDM DXT

## Indirect Measurement

- Precise
- Ultra Durable
